

## Healthiverse™ Heroes Nomination Questions

The Healthiverse Award 2021 recognizes organizations and healthcare providers for their innovative use of technology to break down information silos to improve care collaboration, interoperability, efficiency, and patient outcomes.

Submission can be for work performed between 2019-2020.

Here's what you will be asked to provide on the nomination form:

1. Person making the nomination:

- Name, Title
- Email Address
- Phone Number

2. Choose a category (Please submit a separate form if you are making more than one nomination. One award will be given per category. Awards may not be given for each category.):

- Hospitals and Health Systems (acute care and post-acute organizations, including long-term care, skilled nursing, rehabilitation, etc.)
- Healthcare Providers (private practice and specialty care)
- Emergency Medical Services
- Pharmacies
- Life Sciences (Pharmaceutical companies, clinical research, etc.)
- Vendors (EHRs, HIS, and PIS)
- Payers and PBMs

**If you are nominating a healthcare provider:**

3. Healthcare provider nominee:

- Name, Profession
- Practice Site Name
- Email Address
- Phone Number
- Question Title

4. Briefly describe the nominee's practice site

5. Brief biography of the nominee (200-word max.)

**If you are nominating an organization:**

3. Organization name
4. Organization's website
5. Briefly describe the organization (200-word max.)

**For all nominations:**

6. What technology solution was used? (Does not need to be a DrFirst product. 150-word max.)

7. Share your Healthiverse Hero story:

How did this use of technology break down silos, improve care collaboration, interoperability, and/or patient outcomes? (600-word max.)

Tips: If available, include information about the financial impact, time savings, expanded adoption or utilization, new use cases, meeting state and federal regulations, improving patient satisfaction and outcomes, and collaborating across different organizations.
